English

- Sign-in at the top using Google.
- Be sure you've chosen "Education."
- Search the bank of "Public Quizzes."
- Your personal quizzes show up under "My Quizzes."

- ▶ Upload images
- ▶ Create a collaborative quiz through Google Classroom
- ▶ Keep your quizzes private
- ▶ Provide a clue if students needed it

Only 4 answer choices

Take pre-existing quizzes and customize them.

Create a "Survey Question" that has no "right" answer.

Give additional facts after the answer is given

Students use a short link (triv.in) to join the quiz. They enter their names & the code to get started.

To join, browse to triv.in

Search the database of public "study sets" or create your own

What You Need:

- A Quizlet study set with at least 12 unique terms
- At least 6 students
- A device for each student

Sign up using Google

How to Play:

- Pick any study set to start Quizlet Live.
- Share the join code with your class.
- Students work together in randomized teams of 3 or 4.
- Teams race to match all the terms and definitions.
- Incorrect answers reset the team's progress to zero.
- The first team to match all 12 terms correctly in a row wins!

- Click on **"Teacher Login"** and login with your Google logins.
- Opens in the dashboard
- Must have a quiz to start with
 - Create a new quiz
 - Share an existing quiz
 - Upload an existing quiz from a template
- Given a room automatically
 - Must upgrade to get other "rooms" - Might be a challenge if you're doing different quizzes with different classes.

- ▶ **Launch** - Takes you back to the dashboard - choose a quiz, space race, or exit ticket from here.
- ▶ **Quizzes** - where you create / download a quiz
- ▶ **Reports** -
 - ▶ Download quiz results -- with student names / scores -- straight into Google Drive when you click on "Get Reports"
 - ▶ View results shows the results -- you can choose to turn on the names / scores

When Creating Quizzes:

- Slide next to "Formating" to change the formatting of the text
- Chose between multiple choice, true/false, and short answer
- Pick the type of question at the bottom to add a new questions
- The correct answer is shown in green.
- Upload an image for the question.

Student Access To The Quiz:

- Students go to www.socrative.com & choose "student login."
- Students put in their names and the room (ex: Ballentine4011).
- Students are automatically put into the quiz / space rocket / exit slip that they are to complete.
- If students give a wrong answer, the correct is given right away.
- Each time you start a new activity --quiz, space rocket, exit slip-- students are prompted to put in their names again.
- Must have "pro" version to do more than one quiz / space rocket / exit slip at a time.
