EXTENSIONS

APPS

- ▶ Lucidpress - *Lucidpress* is a web-based drag and drop publishing app, enabling anyone to create stunning content for print and digital. It is very similar to publisher, and students can collaborate on joint projects.
- ▶ Pixlr Express - *Pixlr Express* is a photo editing program that provides tons of features, utilities, and effects so you can add a unique touch to your photos .

EXTENSIONS

- ❑ Print Friendly & PDF - *PrintFriendly* cleans and formats web pages for perfect print experience. *PrintFriendly* removes ads, navigation and web page stuff. It can be saved as a PDF and shared with classes.
- ❑ One Tab - Click the *OneTab* icon to convert all of your tabs into a list. When you need to access the tabs again, you can either restore them individually or all at once.
- ❑ CiteThisForMe - Automatically cite a Website in APA, Chicago, Harvard, or MLA style format.
- ❑ Keep Awake - Click the icon switch between modes where the screen is kept on (sun icon), the system is prevented from sleeping (sunset), or power-saving settings are left unchanged (moon).

& MORE

ADD-Ons:

- Template Gallery
- Open Clip Art

EXTENTIONS:

- Tab Scissors - Splits tabs so there's more than 1 window
- Tab Glue - Puts all tabs together

More

- Research Tool in Docs & Slides
- ScreenCastify Extension-- Similar to Screencast-O-Matic
